

which it is not entitled will subject the person making such certification to liability under applicable federal civil and criminal statutes.

§ 1430.410 Applicable forms.

The CCC forms used in connection with the dairy recourse loan program will be available from the appropriate State committee or designated county committee. For any CCC form that refers to program participation by producers, the term “producer” shall be deemed to mean “processor” and the term “crop year” shall be deemed to mean “fiscal year”.

Subpart A—General Provisions

§ 1435.1 Applicability.

These regulations set forth the terms and conditions under which Commodity Credit Corporation (CCC) will make loans and enter agreements with eligible processors for the 1996–2002 crop years. Additional terms and conditions are set forth in the loan application and the note and security agreement which the processor must execute in order to receive a loan. These regulations stipulate the requirements for making sugar marketing assessment payments to CCC for fiscal years 1996 through 2003 and the information reporting requirements for the 1996–2002 crop years.

[61 FR 37618, July 18, 1996, as amended at 62 FR 34612, June 27, 1997]

§ 1435.2 Definitions.

The definitions set forth in this section are applicable for all purposes of program administration. The terms defined in part 718 of this title are also applicable.

Beet sugar means sugar which is processed directly or indirectly from sugar beets or sugar beet molasses.

Cane sugar refiner means a person who processes raw cane sugar into refined crystalline sugar or liquid sugar.

CCC means the Commodity Credit Corporation, USDA.

Crop year for the 1996 crop means the period from July 1, 1996 through September 30, 1997. *Crop year* for the 1997–2001 crops means the period from October 1 through September 30, inclusive, and is identified by the year in which the crop year begins. For example, the 1997 crop year begins on October 1, 1997. The 1997 crop of sugar beets, sugarcane, or sugar means domestically-produced sugar beets, domestically-produced sugarcane, or sugar processed from domestically-produced sugar beets or sugarcane during the 1997 crop year. *Crop year* for the 2002 crop means the period from October 1, 2002 through June 30, 2003. Sugar from desugaring molasses is considered to be from the crop year the desugaring took place.

First processor means a person who commercially produces beet sugar or raw cane sugar, directly or indirectly,

from domestically-produced sugar beets or sugarcane, or from molasses or thick juice derived from domestically-produced sugar beets or sugarcane.

Market means, relative to any first processor, the shipment in conjunction with a sale or other disposition, or the forfeiture to CCC, of beet sugar or raw cane sugar by the first processor of such sugar, and the movement of raw cane sugar into the refining process. Beet sugar or raw cane sugar is deemed to be marketed as of the date of shipment from the first processor's facility, the date on which raw cane sugar was moved into the refining process, or the date on which sugar was forfeited to CCC.

Nonrecourse loan means a loan for which the eligible sugar offered as loan collateral may be delivered or forfeited to CCC, at loan maturity, in satisfaction of the loan indebtedness.

Raw sugar means any sugar which is to be further refined or improved in quality.

Raw value of any quantity of sugar means its equivalent in terms of raw sugar testing 96 sugar degrees, as determined by a polarimetric test performed in accordance with procedures recognized by the International Commission for Uniform Methods of Sugar Analysis (ICUMSA). Direct-consumption sugar derived from sugar beets and testing 92 or more sugar degrees by the polariscope shall be translated into terms of raw value by multiplying the actual number of pounds of such sugar by 1.07. Sugar derived from sugarcane and testing 92 sugar degrees or more by the polariscope shall be translated into terms of raw value in the following manner: raw value = $\{[(\text{actual degree of polarization} - 92) \times 0.0175] + 0.93\} \times \text{actual weight}$. For sugar testing less than 92 sugar degrees by the polariscope, derive raw value by dividing the number of pounds of the "total sugar content" (i.e., the sum of the sucrose and invert sugars) thereof by 0.972.

Recourse loan means a loan that requires repayment in full on or before the maturity date and forfeiture of the sugar does not necessarily satisfy the loan indebtedness.

Sugar means any grade or type of saccharine product derived, directly or indirectly, from sugarcane or sugar beets

and consisting of, or containing, sucrose or invert sugar, including all raw sugar, refined crystalline sugar, liquid sugar, edible molasses, and cane syrup.

Sugar beet processor means a person who produces sugar by commercially processing sugar beets or sugar beet molasses.

Sugarcane processor means a person who produces raw cane sugar by commercially processing sugarcane or sugarcane molasses.

Tariff-rate quota means the total of the aggregate quantities of raw cane sugar and other sugars, syrups and molasses established, or subsequently modified, by the Secretary pursuant to the provisions of additional U.S. note 5(a) to chapter 17 of the Harmonized Tariff Schedule of the United States (HTS) for imports to be entered, or withdrawn from warehouse for consumption, under subheadings 1701.11.10, 1701.12.10, 1701.91.10, 1701.99.10, 1702.90.10, and 2106.90.44 of the HTS or successor subheadings.

[61 FR 37618, July 18, 1996, as amended at 62 FR 34612, June 27, 1997]

§ 1435.3 Maintenance and inspection of records.

(a) CCC, as well as any other U.S. Government agency, has the right of access to the premises of any sugar beet processor, sugarcane processor, cane sugar refiner, or of any other person having custody of records that the examining agency deems necessary to verify compliance with the requirements of this part. The examining agency has the right to inspect, examine, and make copies of such books, records, accounts, and other written or electronic data as the examining agency deems relevant.

(b) Each sugar beet processor, sugarcane processor, and cane sugar refiner or any person having custody of the records shall retain such books, records, accounts, and other written or electronic data for not less than 3 years from the date:

(1) A loan is disbursed in accordance with subpart B;

(2) A marketing assessment is remitted to CCC in accordance with subpart C; and

(3) Market data are reported to CCC in accordance with subpart D.

Subpart B—Loan Program

§ 1435.100 Applicability.

(a) This subpart is applicable to the 1996 through 2002 crops of sugar beets and sugarcane. These regulations set forth the terms and conditions under which CCC will make recourse and non-recourse loans available to eligible processors. Additional terms and conditions are set forth in the loan application and note and security agreement which a processor must execute to receive a loan.

(b) Loan rates used in administering the loan program are available in FSA State and county offices.

(c) Loans shall not be available for sugar produced from imported sugar beets, sugarcane, or molasses.

§ 1435.101 Administration.

(a) The loan program shall be administered under the general supervision of the Executive Vice President, CCC, (Administrator, FSA) and shall be carried out in the field by FSA State and county committees.

(b) State and county committees, and representatives and employees thereof, may not modify or waive any of the provisions of the regulations of part 1435.

(c) The State committee shall take any action part 1435 requires which the county committee has not taken. The State committee shall also:

(1) Correct, or require a county committee to correct, a county committee action which is not in accordance with part 1435; or

(2) Require a county committee to withhold taking any action which is not in accordance with part 1435.

(d) No provision or delegation herein to a State or county committee shall preclude the Executive Vice President, CCC, (Administrator, FSA) from determining any question arising under the program or from reversing or modifying any State or county committee determination.

(e) The Deputy Administrator, FSA, may authorize State and county committees to waive or modify deadlines and other program requirements in cases where lateness or failure to meet such requirements do not adversely affect program operation.

(f) A CCC representative may execute loans and related documents only under the terms and conditions CCC determines and announces. Any such document which is not executed in accordance with such terms and conditions, including any purported execution prior to the CCC-authorized date, shall be null and void.

§ 1435.102 Loan types.

(a) CCC will make available to eligible processors of the 1996 through 2002 crops of domestically-produced sugar beets and sugarcane:

(1) Recourse loans if the tariff-rate quota is not above 1,500,000 short tons, raw value, at the time of loan approval and has never been above 1,500,000 short tons, raw value, at any time during the fiscal year;

(2) Nonrecourse loans if the tariff rate quota exceeds 1,500,000 short tons, raw value, at the time of loan approval or has exceeded 1,500,000 short tons, raw value, at any time during the fiscal year.

(b) Outstanding recourse loans will be automatically converted to non-recourse loans if the tariff-rate quota is increased to a level above 1,500,000 short tons, raw value. However, if the recourse loan recipient pays the principal amount of the loan, plus interest, within 30 days from the date the tariff-rate quota was increased, then the loan will be treated for all purposes whatsoever as if it had not been converted to a nonrecourse loan. Once nonrecourse loans are made available, they will not be converted to recourse loans any time during the fiscal year, even if the tariff-rate quota is subsequently reduced to a level equal to, or less than, 1,500,000 short tons, raw value.

§ 1435.103 Loan rates.

(a) The national average loan rate for raw cane sugar produced from the 1996 through 2002 crops of domestically-grown sugarcane is 18 cents per pound, raw value.

(b) The national average loan rate for refined beet sugar from 1996–2002-crop domestically-grown sugar beets is 22.90 cents per pound of refined beet sugar.

(c) The loan rates for eligible sugar are adjusted to reflect the processing location of the sugar offered as loan

collateral and are available from State and county offices.

§ 1435.104 Eligibility requirements.

(a) An eligible producer is the owner of a portion or all of the domestically-produced sugar beets or sugarcane, including share rent landowners, at both the time of harvest and the time of delivery to the processor, except producers determined to be ineligible as a result of the regulations governing highly erodible land and wetland conservation found at 7 CFR part 12, regulations governing crop insurance at 7 CFR part 400, or the regulations governing controlled substance violations at 7 CFR part 718.

(b) A sugar beet or sugarcane processor is eligible for loans if the processor agrees to all the terms and conditions in the loan application and the note and security agreement.

(c) Sugar pledged as collateral during the crop year:

(1) May not exceed the quantity derived from processing domestically-grown sugar beets or sugarcane from eligible producers during the applicable crop year;

(2) Must be processed and owned by the eligible processor and stored in suitable storage;

(3) May not have been processed from imported sugarcane, sugar beets, or molasses;

(4) Must have been processed in the United States or Puerto Rico; and

(5) Must have processor certification in the loan application that the sugar is eligible and available to be pledged as collateral.

(d) Sugar must meet the following minimum quality requirements to be eligible to be pledged as loan collateral:

(1) Refined beet sugar to be pledged as loan collateral must be:

(i) Dry and free flowing;

(ii) Free of excessive sediment; and

(iii) Free of any objectionable color, flavor, odor, or other characteristic which would impair its merchantability or which would impair or prevent its use for normal commercial purposes.

(2) Raw cane sugar to be pledged as loan collateral must be:

(i) Of reasonable grain size;

(ii) Free from excessive color or moisture; and

(iii) Free of any objectionable color, flavor, odor, or other characteristic which would impair its merchantability or which would impair or prevent its use for normal refining or commercial purposes.

(3) Sugarcane syrup or edible molasses must be free from any objectionable color, flavor, odor, or other characteristic which would impair the merchantability of such syrup or molasses or would impair or prevent the use of such syrup or molasses for normal commercial purposes.

§ 1435.105 Availability, disbursement, and maturity of loans.

(a) To obtain a loan, a processor must:

(1) File a loan request, as CCC prescribes, no later than September 30, 1997, for the 1996 crop year, no earlier than October 1 and no later than September 30 of the applicable crop year for the 1997-2001 crop years, and no earlier than October 1, 2002 and no later than June 30, 2003, for the 2002 crop year, with the State committee of the State where such processor is headquartered, or with a county committee designated by the State committee;

(2) Execute a note and security agreement as CCC prescribes; and

(3) Pay CCC a loan service fee in connection with the disbursement of each loan. The Executive Vice President, CCC, will determine and announce the service fee amount.

(b) If there are any liens or encumbrances on sugar pledged as collateral for a loan, the processor must obtain waivers that fully protect CCC's interest even though the liens or encumbrances are satisfied from the loan proceeds. No additional liens or encumbrances shall be placed on the sugar after the loan is approved.

(c) No loan proceeds may be disbursed until the sugar has actually been processed and is otherwise established as being eligible to be pledged as loan collateral.

(d) A processor may, within the loan availability period, repledge as collateral sugar that previously served as loan collateral for a repaid loan.

(1) In making application for such loan, the processor shall:

(i) Specify that the loan collateral should be treated as a quantity of eligible sugar that previously served as loan collateral for a repaid loan; and

(ii) Designate the loan to which the reoffered loan collateral was originally pledged.

(2) The subsequent loan shall have the same maturity date as the original loan.

(3) Loan collateral repledged that was previously redeemed from CCC is not included in determining the total quantity of sugar on which loans have been obtained for purposes of § 1435.104.

(e)(1) Disbursements shall be made without regard to the actual polarity of the sugar pledged as loan collateral but shall be made on the assumption that the polarity of such sugar is 96 degrees by the polariscope.

(2) Adjustments for polarity are only made at the time of loan forfeiture.

(f)(1) Loans will mature at the earlier of:

(i) the end of the 9-month period beginning on the 1st day of the first month after the month in which the loan is made; or

(ii) September 30 following disbursement of the loan.

(2) CCC may accelerate loan maturity dates in accordance with § 1435.107(g).

(g) Processors receiving loans in July, August, or September may repledge the sugar as collateral for a supplemental loan. Such supplemental loan shall:

(1) Be requested by the processor during the following October;

(2) Be recourse or nonrecourse depending on which type of loan is in effect according to § 1435.102;

(3) Be made at the loan rate in effect at the time the supplemental loan is made; and

(4) Mature in 9 months minus the number of whole months that the initial loan was in effect.

(h) No loans will be made after June 30, 2003.

[61 FR 37618, July 18, 1996, as amended at 62 FR 34612, June 27, 1997]

§ 1435.106 Loan maintenance.

(a) All processors receiving loans shall:

(1) Abide by the terms and conditions of the loan application and the note and security agreement; and

(2) Pay interest on the principal at a rate determined in part 1405.

(b) The security interests obtained by CCC as a result of the execution of security agreements by the processors of sugarcane and sugar beets shall be superior to all statutory and common law liens on raw cane sugar and refined beet sugar in favor of the producers of sugarcane and sugar beets and all prior recorded and unrecorded liens on the crops of sugarcane and sugar beets from which the sugar was derived.

(c) Nonrecourse loan recipients shall pay all eligible producers who have delivered or will deliver sugar beets or sugarcane to such processor for processing not less than the minimum payment levels CCC specifies for the applicable crop year when nonrecourse loans are in effect, except that processors who repay a recourse loan within the 30-day period provided for in § 1435.102(b) are not required to pay the minimum payment levels.

(d) A processor shall maintain eligible sugar of sufficient quality and quantity as collateral to satisfy the processor's loan indebtedness to CCC. CCC shall not assume any loss in quantity or quality of the loan collateral.

(1) The borrower is responsible for storage costs through the loan maturity date.

(2) Sugar pledged as loan collateral need not be stored identity preserved.

(3) When the proceeds of the sale of the sugar pledged as loan collateral are needed to repay all or part of a sugar loan, the processor may request and obtain prior written approval from the loanmaking office by executing a Market Authorization for Loan Collateral (form CCC-681-1) to remove a specified quantity of the loan collateral from storage for the purpose of delivering it to a buyer prior to repayment of the loan. Any such approval shall be subject to the terms and conditions set forth in the applicable form and the loanmaking office shall not approve such a request unless the buyer of the sugar agrees to pay CCC an amount

necessary to satisfy the processor's loan indebtedness regarding the sugar being sold. Any such approval shall not:

(i) Constitute a release of CCC's security interest in the sugar; or

(ii) Relieve the processor of liability for the full amount of the loan indebtedness, including interest.

(4) If CCC determines, by actual measurement or otherwise, that the actual quantity serving as collateral for a recourse or nonrecourse loan is less than the loan quantity, because of incorrect certification, unauthorized removal, or unauthorized disposition, CCC may call the loan and other outstanding loans. Such determination shall result in the processor being ineligible for recourse loans for the remainder of that crop year and through the next crop year.

§ 1435.107 Loan settlement and foreclosure.

(a) A processor may, at any time prior to loan maturity, redeem all or any part of the loan collateral by paying CCC the applicable principal and interest.

(b) Recourse loan recipients must pay CCC the principal and interest on the loan and redeem their sugar collateral no later than the loan maturity date.

(c) Forfeiture will be accepted as payment in full of the principal and interest due under a nonrecourse loan, applicable to the quantity of sugar delivered, subject to adjustment for polarity, if the processor:

(1) Notifies in writing the appropriate loanmaking office of the processor's intent to forfeit the loan collateral, states the amount of loan collateral intended to be forfeited, and delivers the notice to the loanmaking office no later than 30 days prior to the maturity date of the loan;

(2) Executes a storage agreement, as CCC prescribes, prior to forfeiture or delivers the loan collateral to a CCC-approved storage facility upon forfeiture; and

(3) Pays the following forfeiture penalty on sugar pledged as collateral at the time of forfeiture:

(i) The penalty for raw cane sugar is 1 cent per pound; and

(ii) The penalty for beet sugar is 1.072 cents per pound; and

(4) Reduces payments owed producers by the producer's share of the aggregate loan forfeiture penalty incurred by the processor. The producer's share of the aggregate loan forfeiture penalty is calculated as the producer's share of the net selling price of the processor's sugar, provided for explicitly or implicitly in the contract between producers and processor, times the aggregate loan forfeiture penalty.

(d) Even though a processor gave notice of intent to forfeit, the processor may, at any time prior to maturity of the nonrecourse loan, redeem the loan collateral in accordance with this section.

(e) CCC shall not accept delivery of sugar in settlement of a nonrecourse loan in excess of:

(1) the amount specified in the notice of intent to forfeit; or

(2) the quantity of sugar which is shown on the note and security agreement minus any quantity that was redeemed or released for removal in accordance with this section.

(f) If the processor does not redeem any amount of the nonrecourse loan collateral and the conditions of paragraph (c) of this section have been fulfilled, the unredeemed nonrecourse loan collateral will, without further CCC or processor action, be deemed to have been forfeited and delivered to CCC in-store at the processor's storage facility on the day following the maturity date of the loan. Title, all rights, and interest to the sugar immediately vests in CCC upon delivery.

(g)(1) CCC may at any time accelerate the date for loan repayment indebtedness, including interest. CCC will give the processor notice of such acceleration at least 15 days in advance of the accelerated loan maturity date.

(2) In the event of any such acceleration of nonrecourse loans, the required notice of intent to forfeit, as set forth in paragraph (d)(1), may be given at any time prior to the accelerated maturity date.

(h) If a processor's recourse or nonrecourse loan indebtedness is not satisfied in accordance with the provisions of this section:

(1) Interest on the processor's indebtedness shall accrue as specified in part 1403 in this chapter and shall accrue until the debt is paid;

(2) CCC may, upon notice, with or without removing the collateral from storage, sell such collateral at either a public or private sale; and

(3) The processor shall be liable for the deficiency if the net proceeds are less than the amount of principal, interest, and any other charges incurred by the CCC.

§ 1435.108 Storage facility requirements.

(a) Sugar forfeited to CCC must be delivered in or to a CCC-approved storage facility.

(1) Eligible storage is any storage facility which:

(i) Meets CCC Standards for Approval of Dry and Cold Storage Warehouses for Processed Agricultural Commodities, Extracted Honey, and Bulk Oils (part 1423 of this chapter); and

(ii) Is placed under a storage contract with CCC.

(2) If the sugar is delivered in or to an ineligible storage facility, the processor is responsible for all costs incurred in moving the sugar to an eligible storage facility.

(b) CCC has the right to inspect loan collateral or CCC-owned sugar and the storage facilities in which the sugar is situated at any time.

(c) Regardless of whether CCC inspected the sugar and storage facility prior to delivery, the processor is liable to CCC for any damages CCC suffers if:

(1) The processor delivers ineligible sugar to CCC; or

(2) The processor delivers sugar into ineligible storage.

§ 1435.109 Processor storage agreement.

(a) By executing a note and security agreement, the processor agrees to store any forfeited loan collateral on behalf of CCC under the terms and conditions specified in this subpart and any storage agreement entered into between CCC and the processor. Should the terms of these regulations and the terms of the storage agreement conflict, the terms set forth in the regulations are applicable.

(b) The storing processor is responsible for maintaining the quality and condition of CCC-owned sugar. The processor is liable to CCC for any damages CCC suffers due to the failure of the processor to load out sugar meeting the criteria set forth in § 1435.104(d). Also, the processor shall store the sugar in the eligible storage where delivered for as long as CCC deems necessary.

(c) If a processor forfeits loan collateral and CCC and the processor fails to enter into a storage contract, the processor is responsible for all costs incurred in moving the sugar to an eligible storage facility.

(d) A processor storing CCC-owned sugar is responsible for all load-out expenses in the event that CCC sells the sugar.

(e) CCC shall make monthly storage payments to the processor for the period of time the processor stores the forfeited sugar. The storage payment rate shall be as CCC and the processor agree, and according to the terms and conditions CCC sets forth when executing a note and security agreement.

§ 1435.110 Miscellaneous provisions.

(a) The regulations issued by the Secretary governing setoffs and withholding set forth at part 3 of this title and part 1403 of this chapter are applicable to the program set forth in this subpart.

(b) A producer or processor may obtain reconsideration and review of determinations made under this subpart in accordance with the regulations at 7 CFR part 780.

(c) Any false certification, including those made for the purpose of enabling a processor to obtain a loan to which it is not entitled, will subject the person making such certification to liability under applicable Federal civil and criminal statutes.

§ 1435.111 Applicable forms.

CCC forms used for this program are available from the appropriate State committee or designated county committee. For purposes of any CCC form that refers to program participation by producers, the term "producer" shall be taken to mean "processor."

Subpart C—Sugar Marketing Assessments

§ 1435.200 General statement.

(a) This subpart sets forth the terms and conditions for the payment to CCC of marketing assessments for beet sugar and raw cane sugar marketed during fiscal years 1996 through 2003.

(b) The marketing assessment applies to:

(1) First processor marketings of all raw cane sugar processed during fiscal years 1996 through 2003 from domestically-produced sugarcane or sugarcane molasses, and

(2) First processor marketings of all beet sugar processed during fiscal years 1996 through 2003 from domestically-produced sugar beets or sugar beet molasses.

§ 1435.201 Marketing assessment rates.

(a) For marketings during fiscal year 1996, the assessment rate per pound of beet sugar is 0.2123 cents per pound. The assessment rate for fiscal years 1997 through 2003 is 0.2654 cents per pound.

(b) For marketings during fiscal year 1996, the assessment rate per pound of raw cane sugar is 0.1980 cents per pound, raw value. The assessment rate for fiscal years 1997 through 2003 is 0.2475 cents per pound, raw value.

§ 1435.202 Remittance.

(a) The monthly amount of the beet sugar marketing assessment to be remitted to CCC is determined by multiplying the number of pounds of beet sugar marketed in the calendar month by the assessment rate.

(b) The monthly amount of the marketing assessment on raw cane sugar to be remitted to CCC is determined by multiplying the number of pounds, raw value, of raw cane sugar marketed, or estimated to be marketed in accordance with (e)(1) of this section, in the calendar month by the assessment rate.

(c)(1) First processors shall remit marketing assessments to CCC no later than the 30th calendar day following the end of the month in which the beet sugar or raw cane sugar subject to the assessment was marketed.

(2) Mailed remittances will be considered timely if they are postmarked not later than the 25th calendar day following the month in which the beet sugar or cane sugar subject to the assessment was marketed.

(3) CCC must receive electronic remittances by the 30th calendar day following the month in which the beet sugar or raw cane sugar subject to the assessment was marketed.

(4) Any processor who fails to file a remittance by the due date shall be assessed a civil penalty and interest in accordance with § 1435.203.

(d)(1) First processors shall prepare and submit a fully and accurately completed form CCC-80 each month that shows:

(i) Beet sugar marketings during the previous calendar month; and

(ii) Raw cane sugar, raw value, marketings during the previous calendar month.

(2) First processors who do not operate on a calendar month basis may pay their assessments based on marketings on several extra days or fewer days than the calendar month reporting period, consistent with the processor's standard accounting period. However:

(i) Assessments must be paid on all marketings of specific crop year sugar in the fiscal year it is due; and

(ii) The marketing assessments must be remitted monthly and by the dates specified in this section.

(3) The entire assessment that is due and payable shall be remitted with the Form CCC-80.

(e)(1) If, when a raw cane sugar assessment is due and payable, the first processor cannot determine the exact raw value of such sugar, an estimate of raw value based on the recent experience of the processor shall be made and the assessment submitted on the estimated quantity.

(2) Whenever an assessment is based on an estimate of raw value pursuant to (e)(1), any necessary adjustments to the quantity of raw sugar subject to the assessment shall be made by filing a corrected Form CCC-80 no later than 30 calendar days after the last day of the month in which the estimated assessment was paid. If, according to the corrected Form CCC-80:

(i) The assessment was underpaid, the first processor shall remit the additional assessment due with the corrected Form CCC-80, and

(ii) If the assessment was overpaid, the first processor shall subtract the overpayment from any assessment due at the time the corrected Form CCC-80 is filed, or if none is due at that time, from the assessment next due.

(f) By October 30 of each year, first processors shall determine the quantity of beet sugar or raw cane sugar on hand that was produced during the preceding fiscal year but not marketed by September 30 of such preceding fiscal year and shall remit a marketing assessment to CCC as if the sugar had been marketed in September of such preceding fiscal year. Such sugar is not subject to a second assessment when it is marketed.

(g) First processors shall send remittances and CCC-80 forms as CCC specifies.

§ 1435.203 Civil penalties and interest.

(a) A first processor is liable for a civil penalty of up to 100 percent of the relevant national average loan rate times the marketings of beet sugar or raw cane sugar involved in the violation if the processor:

(1) Fails to remit, on a timely basis, the entire amount of any marketing assessment in accordance with this subpart;

(2) Fails to submit Form CCC-80 fully and accurately completed; or

(3) Fails to maintain and permit inspection of records as required by § 1435.204.

(b) In addition to any civil penalty assessed in accordance with this section, interest on unpaid assessments or deficiencies in assessments paid is due and payable at the rate specified in part 1403 of this chapter beginning on the 1st day of the month after the marketing assessment was due in accordance with § 1435.203. Interest shall continue to accrue until such amount is paid. However, if full payment of an assessment is received within 30 calendar days of the date on which the assessment was due, no interest shall apply.

(c) The Controller, CCC, shall assess civil penalties and interest.

(d) Affected first processors may request reconsideration of civil penalties by filing a request, within 30 days of receipt of certified written notification by the Controller, CCC, of such assessment of civil penalties, with the Executive Vice President, CCC, Stop 0501, 1400 Independence Ave. SW, Washington, D.C. 20250-0501.

(e) After reconsideration, affected first processors may appeal civil penalties by filing a notice of appeal, within 30 calendar days of receipt of certified written notification by the Executive Vice President, CCC, of an affirmation of the assessment of civil penalties, with the National Appeals Division in accordance with part 780 of this chapter.

§ 1435.204 Refunds.

Marketing assessments are non-refundable. § 1437.1 Applicability.

(a) For the 1997 and subsequent crop years, NAP is intended to provide eligible producers of eligible crops with protection comparable to the catastrophic risk protection plan of crop insurance. NAP is also designed to help reduce production risks faced by producers of crops for which Federal crop insurance under the Federal Crop Insurance Act, as amended is not available. NAP will reduce financial losses that occur when natural disasters cause a catastrophic loss of production or prevented planting of an eligible crop. Payment eligibility is based on an expected yield for the area and the producer's approved yield based on actual production history, or a transitional yield if sufficient production records are not available. In the case of forage determined by CCC to be predominantly grazed in accordance with § 1437.7(j), payment eligibility is based on an expected stocking level for the area and unit and the actual number of animals grazed and days grazing occurred. Production for both the applicable area expected yield and the individual producer approved yield for the unit or for forage determined by CCC to be predominantly grazed, area and unit expected stocking level must each fall below specified percentages in order to be eligible for payments under this part.

(b) The provisions contained in this part are applicable to each eligible producer and each eligible crop for which catastrophic coverage is not otherwise available.

[62 FR 53930, Oct. 17, 1997]

§ 1437.2 Administration.

(a) NAP is administered under the general supervision of the Executive Vice-President, CCC (Administrator, Farm Service Agency), and shall be carried out by State and county FSA committees (State and county committees).

(b) State and county committees, and representatives and their employees, do not have authority to modify or waive any of the provisions of the regulations of this part.
